

New Product Bulletin #8

New Pancake Cordless Auto-Shutoff Clutch Nutrunners!

ITS offers cordless auto-shutoff clutch angle nutrunners with a variety of custom ordered pancake installation attachments! Outstanding ergonomics, superior weight distribution, and long battery life are among the key features. Torque ranges vary from 40 to 150 in lbs.

| Model Number | Torque-Range | RPM | Voltage | Weight w/ battery | Sq. Drive |
|--------------|----------------|-----|---------|-------------------|-----------|
| ITSPC-A-16 | 40-95 in lbs. | 300 | 12V | 4.6 lbs. | 3/8" |
| ITSPC-A-25 | 61-150 in lbs. | 250 | 12V | 4.6 lbs. | 3/8" |

1. Hi-Durability, No-maintenance, brushless, sealed motor. Tested to exceed 1 million cycles!
2. Precision clutch—Meets ISO 5393 CMK>2.0 @+/-10% tolerance.
3. Low Battery Lock—disables tool when battery power is insufficient to provide torque required by the application.
4. Restart Lock—discourages double hits on a recently completed joint.
5. LED Lights—joint pass/fail.
6. Work Area Light
7. One Touch Reverse—one touch places tool in reverse. After one cycle tool changes back to forward mode.
