

New Product Bulletin #20

The ZT680-ITVF Microstop w/ Vacuum Footpiece

Features

- 10,000 rpm- rated microstop cage with full-radial bearing support! Will not get hot when in use!
- Has felt dust shield in front of radial bearings to keep composite dust out .
- Fully .0005" adjustable
- Available in three shaft styles: 1/4" round; Quick change ball-lock; three-flat.
- Hard-stop inner shoulder in steel body of footpiece—not snap rings or roll pins – once set CANNOT over counter-sink!
- L-H thread jam nut keeps countersink depth adjustment collar tight and unmoved during vibration caused by drill-motor.
- Can also be used to vacuum aluminum shavings.
