

New Product Bulletin #21

The UT8891 .46 Hp. Aircraft Low-Profile 90° Drillmotor

**Lowest profile
angle drill
head on the
market!**

The UT8891 Aircraft 90° Drillmotor

**Introductory
priced at
only**

\$539.00!!*

**2400-4500 rpm models*

- Plenty of power in a small package—no stalling during drill breakthrough!
- Angle head height of less than 7/8"! Indexable angle head for easy head positioning and quick change repair!
- Excellent teasing throttle that airframe mechanics demand!
- Weighs only 1.65 lbs. in the faster rpm ranges. 1.75 lbs. in the slower rpm ranges.
- Ergonomic "soft touch" coating lessens temperature differential and vibration on drillmotor handle!
- Quiet down-handle exhaust @ only 83 dBA!
- Accepts other modular drill attachments! Currently being used at Boeing, Lockheed -Martin, Vought, Bell, & Sikorsky facilities.
